# Account alarm: Configure in just a few steps
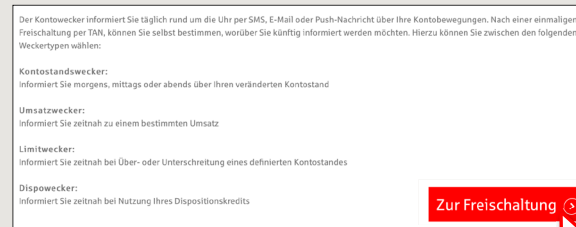

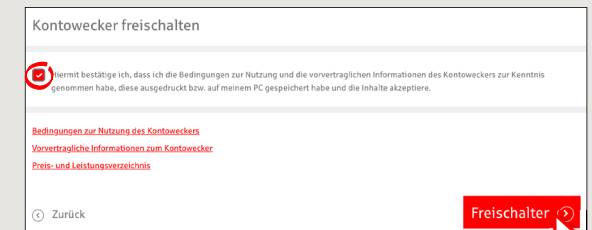

1 Log on to online banking. The alarm option is available under „**Einstellungen**" -> „**Postfach & Benachrichtigungen**" -> „**Kontowecker**".

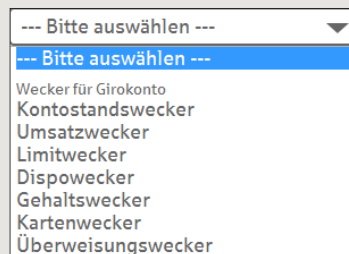

2 For initial configuration, you must enable the account alarm option. Tap **enable ("Zur Freischaltung")**.

3 Use the checkbox to confirm you have read the legal information and documents. Tap **enable ("Freischalten")** and confirm activation by entering your TAN.

**4** These account alarms are available:

To configure a new alarm, select an alarm type from the list and click on "**+**".

5a **How to set an account balance alarm:**
Enter a name for the alarm. Select the account for which you wish to set an alarm and enter a notification period.
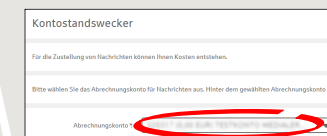

Select an existing email address or push notification* using **Notification to ("Benachrichtigung an")**. If you wish to create a new recipient address (email or push notification), tap "**+**".

If you have just created the required recipient address or if it already exists, select it from the list and tap **Next ("Weiter")**.

*Push notification: A message that is sent to you via the Sparkassen app.

5b Select an account for the notifications.

5c Check the details and activate the account alarm by tapping **Set alarm ("Wecker stellen")**.
